SEVERE WEATHER SPOTTER TRAINING AT APRIL MEETING

**KARS meeting April 5th at EOC
(County Sheriff's Complex)**

NWS SEVERE WEATHER SPOTTER TRAINING

The Kankakee Area Radio Society (KARS) will be presenting a severe weather spotting training seminar at its next regularly scheduled meeting Tuesday, April 5 from 7 p.m. until 9 p.m. [The seminar and club meeting will be held at the Kankakee County Sheriff's Complex, 3000 S. Justice Way](#) instead of Provena St. Mary's Hospital.

The seminar is sponsored by the National Weather Service and will be taught by NWS trained instructors Ed Mossman, W9EJM and Roland Hertz, N9RJM. The program will begin after a short business meeting at 7 p.m.

All potential Skywarn spotters and regular Skywarn spotters need to take this training at least every two years. Even though you took the training last year, this year's seminar will have updated information, pictures and videos from last year's severe weather that occurred near the Kankakee area.

This will be an interesting and entertaining evening, usually with a packed house.
