

RXAssistant Download and Installation Instructions

1. Download the RXAssistantSetup-3.0.zip file at <http://www.w9az.com/RXAssistant/RXAssistantSetup-3.0.zip>

This link is also available on the Main Web Site Page.

2. Once downloaded double click on the RXAssistantSetup-3.0.zip file and it should self extract to your default download directory.
3. Double click on the RXAssistantSetup-3.0.exe file to start the Install procedure.
4. Follow the Installation procedure and Make sure the following options (IF PRESENTED) are Selected as Follows.

INSTALL FOR ME ONLY (RECOMMENDED)

Create a Desk Top "SHORTCUT".

If Windows Firewall has blocked some Features,

CHECK THE "PRIVATE" NETWORK BOX ALONG WITH "PUBLIC".

Then **"ALLOW ACCESS"**.

There is no need to uninstall a previous version but should you want to remove the program from your system, use the Standard Windows Uninstall Feature.
