WB9Z HOME FROM ORKNEY

Jerry, WB9Z and his fellow voyagers have returned from VP8-land. With a total of 63,643 contacts in the log, it was a successful DXpedition.

By any standard, it was an arduous journey and an operation under difficult conditions.

Many KARS members were able to add Orkney Island to their DXCC score. Others added more bands to their standing.

No doubt Jerry has many great stories to relate on his latest operation.
