November 2011

ANNUAL AUCTION AT NOVEMBER MEETING!

The next KARS general meeting will be at 7PM on Tuesday, November 1st at the public meeting room at St. Mary's Hospital. After the usual business meeting, the dynamic duo of Dan WA9WAQ and Will K9FO share command of the gavel as they auction off all the many fine treasures brought in by KARS members.

Make sure you have carefully combed through your garage, attic, basement, shed and shack for anything you would like to sell at the auction. As usual, ten percent goes to the club treasury. Anything that might be remotely of interest to a ham is welcome.

Usually, no one brings large amounts of cash to the auction. So you probably won't want to carry in your most expensive gear!

This meeting is always a LOT of fun, so be there!

KARS BOARD MEETING

KARS November board meeting will be held in the banquet room of El Campesino Mexican restaurant on November 15th.

All KARS members and spouses are welcome to attend.

Fox Hunting

A "TAIL" OF 2 FOXES

Once upon a time a clever hunter named Clay (N9IO) decided to present a program on fox hunting. All the members were in awe of the possibilities and fun awaiting those who ventured out on such a hunt. The first fox (aka transmitter) hunt was such a success, that two more were planned for October. This is the story of those two hunts.

On Sunday, October 9, a cunning fox named John (aka N9LYE) tried his best to confound those who ventured out to discover his lair. John had won the September hunt, so it was his destiny to become the prey. John's lair was appropriately chosen, as it was in a parking lot for hunters at Kankakee State Park. Eight vehicles equipped with hunting gear set off from Meadowview in the quest. John used the river to his benefit, as hunters got a northwest reading and traveled out Rt. 102, having to backtrack south across Warner Bridge road to Rt. 113. Don K9NR was the winner of the hunt in mileage and also the first to arrive at his lair, as he drove out Rt. 113 straight to the foxes lair, declaring he took 113 to enjoy the scenery.

Alas, since Don had won the hunt, he was then transformed from Don the mighty hunter into Don the humble fox for the hunt on October 23rd. Once again, the parking lot at Meadowview was filled with intrepid hunters brandishing their antennas. A reading from the southeast was received by all, and the gallant hunters began their adventure. Don had carefully chosen his lair behind a large metal building in Aroma Park. Once again the river played its treacherous trickery, sending some of the hunters to hunt on the wrong side, before discovering the error of their ways. Alas, the fair-haired maiden Crystal W9IOU accompanied by her brave knight Chip K9IOC accepted the challenge and drove straight to their prey. The brother sister team won in mileage, even though their revered father Clay N9IO was the first to find the fox. Clay finished a respectable second in mileage. A surprise entrant into the foray was the team of Chuck KC9UEI and the lovely maiden Rossana. The team took third place, in their first ever foxhunt, with a measuring tape antenna, carefully constructed the preceding night. The hunters once again gathered for repast at El Campesino. A surprise birthday cake for the fox Don K9NR was enjoyed by all.

Alas, fear not would-be hunters, transmitter hunting will resume when warm weather once again graces the land. Thus ends our "tail" of two foxes.

You too can partake of this challenging hobby. Check out the information provided on KARS Fox Hunt web page.

A note from the Web Master / Fox Hunt Coordinator N9IO: I am very pleased to report that the last three fox hunts held since September have produced eight hunt teams at each. The 2012 hunt season is now looking great!!! Keep working on your equipment... Thank you to everyone for getting involved this year. Another hunt is possible but unlikely due to the start of contest season in Nov.73'
