WHERE'S THE DX?

As we go to press, the K5P Expedition to Palmyra Island at about 63,000 Q's is scheduled to end January 26th. The concurrently running VP8STI Expedition to South Sandwich Island at about 30,000 Q's is now QRT. Braveheart owner Nigel Jolly declared a WX emergency and ordered to VP8STI team to cease all operations and return to the ship. The team is now safely aboard the Braveheart. All the equipment and personal gear is still on the island. They hope to return to the camp site during next good weather window. Once they retrieve their equipment, they could make a determination as to whether they can proceed to South Georgia to do VP8SGI as planned. Local K9AJ is a VP8 op. K9CT, K9NW and WB9Z are all on Palmyra K5P. Safe travels to both DXpedition crews.

Other good picks...

FJ - St. Barthelemy Call TBA January 28 thru February 9, 40-10 meters, possibly 80

EP - Iran February 1 thru February 11, 40, 20, 15, 10 meters, CW, RTTY, SSB, Not really an expedition but a national contest, a rare chance to work Iran

3W - Vietnam Now thru February 6, 40,20,17,15,10, 6 meters, CW, SSB, PSK31

5H2SF - Tanzania WS5K operating as 5H2SF from Tanzania from January 26 to February 10.

3G9JA - Chile Not super rare but not real common either, CE5COX will be using the call 3G9JA on 40, 20, 10 meters, CW & SSB from Hornos Island (counts as Chile)

Good DX to all!

ARTICLES NEEDED

KARS newsletter is only as good as the articles submitted. Let us know what you are up to.

A collage of pictures from the informal New Years Eve dinner

The very popular KARS New Years Eve Dinner has become a must do for most active KARS members. We reserve the banquet room at El Mexicanos. Beyond that it is a no reservation, order off the menu event. If you are not the party animal type but still want to have dinner on NYE with friends, this is for you!

KARS EMAIL LIST REFLECTOR

The [KARS email reflector](#) is intended to serve the membership and friends of the Kankakee Area Radio Society.

Everything from subscribing to a new account and accessing archived messages is accessible from here.

To see the collection of prior postings to the list including attached files log-in to this page at [Kars-w9az Archives](#).

Be aware that **the reflector will not forward attached files** for security sake.

Please virus check any file you intend to send to the group. No (.exe) files! (.pdf) (.doc) are OK.

Normal reflector use is to send quick email messages to the large group, not file transfers.

To post a message to all the list members, send your email to kars-w9az@w9az.com.

Web Master: The most common mistake I encounter is members trying to post a message from an email address **not subscribed**.

Please subscribe from every address you intend to use. An even easier way to create an account is to [email your web master](#)

webmaster@w9az.com (from the email account you want listed please) I can do it for you.

The reflector will automatically generate a password for you (you can change it at any time). **N9IO (KARS Web Master)**
