TWO RIVERS CENTURY BICYCLE TOUR Sunday, 08/07/2016

KARS has once again been asked to provide communications for this event which is a fund raiser for building and joining up biking/walking trails in Kankakee County.

This is a great way to get out and enjoy the fresh air, meet cyclists from all over the state and get out a positive message about amateur radio.

The ride will start at the Ice Valley Centre Ice Arena park at 6AM but that doesn't mean we all need to be there that early. The sign-up for riders begins at that time. There will be starters for about 2 or 3 hours. We'll need operators all day. You can help out at the start (6AM) or later in the morning or afternoon and participate as long as you can.

At the very minimum of participation, we'll need 4 fixed locations with ham operators: Registration, Aroma Park, Island Park in Momence, and Plato Bridge in Iroquois County, plus some hams to ride with the SAG service vehicles to provide communications from the mobile positions. If you drive your own vehicle to provide SAG service you will be reimbursed for your gas. The ride starts at 6 AM; SAG ends at 3:30. The ride patrolling will be from 6:00 AM to at least 3:00 PM, but the last time we participated, we had vehicles involved to around 5:30 PM.

There will be food at the rest stop locations. Good stuff! It is primarily for the cyclists, but we may indulge.

TWO RIVERS CENTURY BICYCLE TOUR

(continued)

There are a couple changes in the routes this year. Harry WD9FYF is our point man in this operation and he will be getting that information soon. Expect hundreds of riders....some of the friendliest folks you'll ever meet.

Complete info, including maps is available online at:

<http://www.tworiverscentury.com/>

Mark Steffen, a local attorney, is the president of the Cycling Club. This is a really fun operation and even if you can't do the entire day, we can still use you part time. If you miss this event, you will really miss out on a great time! Harry will be working up a list of participants at the July General KARS Meeting. If you cannot make the meeting, contact Harry at:

JUNE 18TH TRANSMITTER HUNT RESULTS

Another great hunt! The fox was the very sly N9FD. No less than eight teams hunted him down:

Man found in Hara Arena, days after Hamvention ends

DAYTON, Ohio — A Vermont amateur radio operator was found today in a remote hallway within the Hara Arena complex, three days after the end of Hamvention. Officials at a news conference identified the man as Gerry Mapleshire and described him as being found “disoriented, hungry, and with three days of beard growth.”

After medical technicians on the scene revived his blood sugar by providing him a leftover \$6 Hamvention Hotdog, Mapleshire recalled what happened.

“It was shoulder-to-shoulder on the arena floor. I remember a nice-looking lady handing me a free Kenwood cloth bag full of brochures and a lapel pin, then the crowd shifted and I was pushed into the MFJ booth,” said Mapleshire.

He says that's when his “survival instincts” kicked in. “I got on my hands and knees and crawled out of the MFJ booth. I got to the arena floor ramp but the crowd was so thick. I somehow ended up in a hall by the loading docks, without my Kenwood bag,” he said.

He wandered through dark hallways trying to find his way out of the vast complex for three days before a maintenance worker found him. “I called for help on 146.520 but no one answered,” said Mapleshire.

Hamvention information deputy Ned Doubtman investigated why his radio call went unanswered. “Turns out he was transmitting WITHOUT a PL tone. Everyone here blocks out QRM by using a PL tone on transmit and receive. It's no wonder he wasn't heard,” said Doubtman.

Mapleshire says he's still recovering from the traumatic experience, but would like to get in touch with someone from Kenwood so he can get his lapel pin.
