December 2016

2007 Expedition to Montserrat Program

The next KARS meeting will be December 6th 7PM at the first floor St. Mary's Hospital Meeting Room. Use the main entrance on the south side.

There will be a brief business meeting followed by a presentation on the KARS member 2007 DXpedition to Montserrat Island.

A great Power Point presentation with narration from the operators.

See you there!

BOARD MEETING

New Location!!!

KARS board meetings will be held on Tuesday, December 20th, and Tuesday January 17th.

The December and January board meetings will be held at Ryan's Pier in Aroma Park. Eat at 6PM. Meet at 7PM. All members are welcome.

NEW YEARS EVE DINNER

Unofficially, a group of KARS members have been getting together around 5 PM on New Years Eve at El Mexicano's Restaurant for dinner. We then go our own way to party or more often; go home, relax and welcome the New Year in our own way.

As stated earlier, this is an unofficial activity...not to be confused with the annual KARS banquet. While there are no reservations required, we need to have an idea of how many plan to show.

This is a relaxing get together. No program. No plans. Just order from the regular menu, visit, enjoy the food and have fun. If you and your significant other plan to attend, send K 9 N R an email at: "donk9nr@gmail.com" so we can give the restaurant an idea of how many to expect.

KARS KALENDAR

YOUTH HAPPENINGS AT W9GRS GLENN RAYMOND SCHOOL IN WATSEKA

by Troy W9KVR

TROY W9KVR AWARD

W9KVR was elected 2016 Outstanding Teacher of Science by the National Association of Geoscience Teachers. Troy went to Colorado in September to accept the award. He was even put on the cover of their magazine. Besides being a Science teacher and a licensed ham, Troy is a caver friend of Don K9NR.

Congrats Troy!

W9GRS STUDENTS IN ACTION

W9GRS participated in the October 2016 School Club Round-up but went a very different direction this year. We only operated from the school QTH two days and made enough contacts to win the top Illinois junior high school honors for the 8th consecutive year.

(continued in next column)

The highlight was adding to our list a school station from Minnesota.

We have now contacted schools in 45 different states, unofficially trailing only K9SOU's 48 in the overall total. Not to be satisfied with that, we went portable during our annual Turkey Run S.P. geology trip and operated from the Turkey Run S.P. as W9GRS/9 from Indiana!

We utilized a borrowed Tarheel II antenna from Benny KC9GWD and a 12-volt deep cycle battery from Mike KC9HHT hooked up to our Kenwood TS-480. Placing the antenna on the roof of the "yellow charter" we fired up the radio. After some fine-tuning we were able to work 7 schools from the portable QTH including long-time friends at Bloomington High School South K9SOU. It was enough to earn top honors for Indiana based middle schools as well.

We now have the distinction of being the only school to earn two state top finishes in our category in the same contest. A lot of students are looking forward to February and a chance to add to the W9GRS legacy.

Go W9GRS! de editor

It's antenna maintenance time!

AERIAL ACTIVITIES AT THE W9IE QTH

by Ken W9IE

Here are some pictures of W9IE's latest antenna party. Pete NI9H stopped by and helped out. So we tipped the 70ft tower over and put a sort-of new antenna on it. I built a Tri-Band beam out of a Hy-Gain Driven Element and a boom, Reflector and Director from a Wilson beam.

Some on-air tests with Will K9FO using this hybrid showed some good results.

Thanks to Pete NI9H for the help!

73, Ken W9IE

ARRL MEMBERSHIP

Most everyone knows that without the ARRL there would be no amateur radio. KARS is an affiliated club and everyone should be an ARRL member! Do your part and [join/renew your membership today!](#)

PREPPING K9FO's QTH FOR WINTER OPERATION

Will K9FO with a little help from Ken W9IE prepare some of Will's transmit and receive antennas for the upcoming winter season and in particular for low band operation. Will's Beverage receive antennas in particular had suffered damage from falling tree branches and the occasional deer encounter.

K9FO is ready for some 160 action, are you?

TRANSMITTER HUNT PICS

Fox W9IEY & Winner N9FD

RECORD FOX HUNTS

The November 5th and November 19th transmitter hunts hosted record numbers of hunting teams...12 and 10 respectively with up to 19 team members!

The practical season is drawing to a close with a final hunt of the year scheduled for Saturday December 3rd.

The usual starting place at 11AM with lunch to follow after hunt.

The fox will be John N9DWE

Hope to see everyone there!
