April 2018

Bouvet...the way it was, at the April meeting!

The [April KARS meeting](#) will be at 7PM, Tuesday April 3rd at St. Mary's Hospital **Franco Conference Center...** **South entrance across from St Rose right of the security desk** instead of the left side where we normally meet.

After a brief business meeting, there will be a special insider program on the Bouvet DXpedition.

It will feature a Power Point presentation created by K9CT and narrated by Bouvet operators Jerry WB9Z and Jim N9TK. Jerry and Jim have fascinating accounts to tell you about the difficulties, dangers and beauty of their journey and the mysterious island called Bouvet. Val NV9L, the chief North American Pilot station will contribute her angle on the events of the long odyssey. Arrive early to guarantee yourself a seat! See you there!

Remember to send a photo of you and your shack today! Include a little write-up of your gear, antennas and favorite activities.

FOXHUNT CALENDAR

After a long, cold winter there is a pent up demand for a transmitter hunt!

To that end we have put together tentative dates, all Saturdays, for April, May & June...

April 14	April 28
May 12	May 26
June 9	June 30

These avoid major radio events, Hamvention, etc. When we get a better feel for hunter availability, we may plan an evening week day event. Get your vote in for what week night you would prefer. Of course the weather is the big variable and can make the final dates a moving target!

INDIANA QSO PARTY

Operations are gearing up for the 2018 Indiana QSO Party to be held Saturday May 5th. There will be lots of activity as the INQP coincides with the New England and 7-Land QSO Parties held the same weekend.

K9NR, K9CS and N9FD will be operating Multi-Single from AK9F's farm in rare Perry County Indiana. They plan to use the W9AZ call sign.

For rules and operating aids, check out the HDXCC site at:

K9FO's SHACK

Hi all KARS.

I am Will Bowser and have been hamming for 64 years. I am on most every day and have just as much fun as my first contact in 1954.

My shack has a Flex 6500 rig with a Flex Maestro control and a HP laptop as the main radio. I just got it a couple of weeks ago and am learning a lot. My Flex and computer gurus are Ken, W9IE, and Don, K9NR. Thanks guys! I also have an Icom IC-7000 that I use mostly for VHF.

My Modest antenna farm is an inverted "L" with remote tuner for 160, a quarter wave vertical for 80, a 40 Dipole and a 20/15/10 rotatable dipole on a 35 foot tower. Also a 30M half-sloper on the tower. They all work better than I hoped.

More shack gear is an Ameritron ALS 600 amplifier and an MFJ - 962D tuner. an MFJ 75 amp and Astron 20 amp power supplies.

I enjoy low pressure contesting and rag chewing mostly on CW but also do SSB, PSK-31, FT8, and RTTY.

73 from K9FO and see you on the air!

Be sure to send a picture of your shack to: donk9nr@gmail.com Include a little write-up of your gear and your favorite activities.

**We want to hear from everyone!
*Do it today!***

A view of the southern ocean en route to Bouvet Island!
Boat ride anyone?

Welcome to Cape Town to the
intrepid Bouvet operators!

Once a month for the past several years, a group of Midwest Contester/DXers have met in various Bloomington Illinois restaurants to visit, exchange information, ideas and enjoy fellowship. Several KARS members usually attend. This month WB9Z, N9TK and K9CT, "fresh" from their attempt to tackle Bouvet Island for DXers everywhere presented a fascinating insider program on their incredible journey. Here are some of the pictures from the trip and that evening.

BOUVET Not for the meek!

Looking none the worse for wear after spending 31 days bouncing around on the roughest, most dangerous seas on Earth, are KARS own Jerry WB9Z (DX Hall of Famer) and very good friends Jim N9TK and Craig K9CT. N9TK is a frequent guest operator at the WB9Z station and K9CT, of course, owns the big K9CT contest station and is the face you have seen in many magazine ads promoting the Flex line of radios. Jerry, Jim and Craig are three of the most experienced DXers/Contesters/DXpeditioners in the world!

WB9Z and N9TK will present a program on the attempt to operate from Bouvet Island, the most remote DX entity on earth at the KARS April 3rd meeting.

Clear your calendar for this!
